

ACTION/REACTION

The actions we take in a search can affect the
CHOICES A LOST DOG MAKES.

Timid dogs can be thrown into hyper alert lost mode
IF THEY FEEL THREATENED.

Chasing a loose dog out of hiding can cause them to
RUN INTO TRAFFIC OR
PUSH THEM FARTHER FROM HOME

Even a family member calling the dog's name
CAN MAKE THEM RUN.

Gently remind people to call/ text/ post with sightings
IMMEDIATLY if they see your lost dog.
