

Vacation? Getting a pet sitter?

Please make sure your pet has a microchip and that it's updated and there are tags on collar.

Many pets run away from pet sitters and owners don't always get informed until it's too late.

(Shelters are only required to hold a found pet for 3-5 days before they can legally adopt your pet out.)

- Have a contract or written agreement with your pet sitter including the following info.

- * Dates you will be gone and returning

- * Contact info listed for emergencies, local shelters, and your vet.

- * Contact info for a back up pet sitter/friend/family

- * What you expect, feeding and exercise schedule

Enjoy your vacation knowing you've covered your bases.
